Made in
The USA

The MAGNUM 13" Flooring Shear #913 is the most versatile, heavy-duty flooring shear available. Designed specifically for professionals who cut almost everything, this remarkable tool offers a fast, dust-free solution for cutting most flooring products including hard wood up to 3/4" thick. Intended for life-long use, the durable MAGNUM 913 is the ultimate solution for saving time and money while providing increased jobsite efficiency and safety.

FEATURES

- CLEAN** Produces no airborne dust and reduces jobsite clean-up
- QUIET** Smooth, non-electric operation allows working early or late
- DURABLE** Hardened chromium-vanadium tool steel blade outlasts saw blades 20 to 1
- STRONG** Rugged yet lightweight double I-beam construction
- FUNCTIONAL** 1" opening allows cutting most 3/4" solid wood products
- VERSATILE** Built in ruler and removable fence for 45° (up to 9" or 22.8mm wide) and 90° cuts
- ACCURATE** Laser guide for precision cutting
- EFFICIENT** Fast, precise, factory-edge cuts with one stroke on most products
- STABLE** Full rectangular polymer table provides rock-solid stability and ease of use
